

ASUS - Eee PC Seashell NETBOOK

The Eee PC 1201N marks a radical departure from other netbooks that usually feature single core Atom processors. With its Intel Atom 330 dual core processor, NVIDIA ION graphics, and two-DIMM, dual-channel DDR memory architecture, the Eee PC 1201N will set new netbook performance benchmarks. More importantly, this combination shatters today's netbook conventions by delivering a rich multimedia experience. This netbook comes with Windows 7 Home Premium Operating System. Windows 7 Home Premium makes it easy to create a home network and share all of your favorite photos, videos, and music. *Who says you can't have it all?*

extremely limited supply ~~\$529.00~~ **\$500.00**
